INTRODUCTION

I am proactive and determined, and I enjoy working positively within a team to grow both as an individual and as a professional. I love achieving my goals and contributing to the success of the team. I am from Italy, and I use to live in Melbourne from 2009 to 2013. I have been working in the IT Industry since 2020, for the Public Administration as a Frontend Software Developer, and for the years before that, as a Graphic Designer. I am currently looking for new international opportunities.

_____

EMPLOYMENT HISTORY

Frontend Software Developer - Betacom s.r.l.   June 2020 - Current

I have been working for Betacom, as an IT consultant for different Companies (Sopra Steria, Enav, DGS, Sogei), initially as a Full-stack Developer, and then I focused my work on the Frontend.
Betacom, is an Italian IT Company based in 5 cities.

- Focusing on delivery a solid UI with Angular, and React.
- Developing Rest Api calls to fetch/send data from/to the backend.
- Working collaboratively within a team to achieve company objectives.
- Creating new components and bugfix existing code.
- Write Test and Atomic Structured Reusable Components.

Key Achievements
- Delivered production code for different clients.
- Interacting with the client during presentation calls.
- Given responsibility to train new staff on the project.
- Designed UI from requirements to code.

Graphic Designer - Centro Stampa Marconi, CoreFit   Feb 2014 - August 2019

During my years in Graphic Design, I have been designing graphics social media and online promotions, printed materials, logos images and illustrations.
